

# Interviewing Insights: Team B-7061

*Improving reskilling programs with science-and-data-driven success measures*

## Project Goal: A Virtuous Cycle

Better outcomes for all Americans per dollar spent on training.

Opportunity expands across families and communities.

Programs improve as workers choose the highest-value offerings, and programs track their data to measure a path to success.

Integrated data and web tool informs workers.

Workers can make wise decisions for their future.

## Interviews:

Job and training seekers, counselors, and trainers at two Rhode Island Department of Labor and Training netWORKri One Stop Career Centers.

## Insight:

1. Our tool will **empower counselors** with **objective information** to help guide job and training seekers.
2. Social networks **spread information**.

## Action:

1. Build **capacity** for government partners:
  - Build a turn-key manual for counselors and government.
  - Partner with organizations skilled in training for government.
  - Make tool accessible to all workers.
2. Integrate tool with **social networks** and **search engines**:
  - New partnership opportunities
